Sample Presentation Remarks

"Sally is celebrating three years of service with ABC Company. In that short time, she has made a big impact on the purchasing team. I won't forget, within the first 6 months of her hire, she took the initiative to revise the department training manual. She didn't just stick to the new procedures, she discovered and corrected outdated practices, and added suggestions to improve the usability. It's a document that will make an impact when we bring new people on board. Over the last several months, she has worked diligently to develop a partnership with an important vendor, and we feel that this new relationship is going to help put us in a better position to serve our best cost customers. I've been really impressed with the way that Sally proactively handled this project. Thank you and congratulations Sally!"
